North West Youth and Women's Tour **2022**

27th 28th and 29th August 2022

Welcome to this year's tour, there are 3 days of exciting riding to look forward to. Every day is at a different venue with laps of the famous Daisy Bank hill on stage 2.

This event could not happen without the support of Lancaster City Council or Lancaster University so we would like to offer our thanks to them for their continued support.

This year we are eternally grateful to 360cycling who will be onsite for all 3 days please pay them a visit and have a look at their stock. They are a relatively new company with a real passion to drive the sport forwards and offer help and support to all young cyclists. Their interest in supporting women's cycling has also shone through this year and something that they intend to take forwards into 2023 so keep an eye out.

Their website can be found here

Please pay attention to the Commissaires' instructions at all times – if instructed to pull out, you must do so immediately, but you will be placed by the officials. Lapped riders, those who finish the race and those who are pulled, will be given a calculated lap time per lap lost.

In the event of a rider failing to start or finish a stage they will be allocated a GC time two minutes greater than the slowest rider within a stage in their category and will then be eligible to re-start the following stage.

Retirements

Should any riders wish to retire from the race, they must report to a Commissaire or finishing judge immediately. Riders must not ride in the opposite direction to the race.

Crashes & Mechanical Incidents

Due to the no laps rule riders must change and chase. All wheels must be compliant with UCI/BC specification and regulations and gear restrictions appropriate to the age group of the rider.

Bike changes can ONLY occur after critical mechanical failures AND after approval by commissaires. There is no designated pit area for Stage 2 & 3, anyone supporting a rider with spare wheels must find a safe and appropriate place to position themselves. Any mechanical issues must be dealt with to the left hand side of the course.

BC Technical Regulation R13.3 will apply: In the event of any racing incident, mechanical issue or puncture occurring within the last 3km of any stage, the rider concerned will be credited with the finishing time of the last competitor of the group they were with at the time of the incident, providing that the finish line is crossed.

The threshold for TR 13.3 for stage 2 and stage 3 will be one lap to go. Any claims for incidents within the last lap must happen within 5 minutes of the finish. Any rider that does not finish a stage under the event medic's instruction will be given an

appropriate time by the Chief Judge to allow them to continue the next stage only once they have reported to the medic before the next stage.

Enquiries

To allow the officials to continue with their appointed roles please initially contact sign on or Caroline. Should any riders or parents wish to make an enquiry about a result or feels they need to raise any issues about a race they must do this via sign on or Caroline. They will listen, note the query and then bring it to the attention of the relevant officials at an appropriate time. Once they have received an answer they will communicate the outcome - with this in mind please don't interrupt the officials whilst they are working on the racing.

Gridding

Riders will be gridded 10 minutes before the start of Stage 2 & 3, based on GC. The top 20 on GC will be called up to the line in order and the rest will line up behind. With this in mind, please do not line up on the start line before ordered to by the officials as you will be turned around. Do not enter the circuit until told to do so.
