OULTON PARK CYCLING FESTIVAL 2022

360cycling Oulton Park Youth National races

Thank you for entering this round of the British Cycling national youth circuit series. Alongside the usual Youth A and B national series races we also have 4 support races on during the day for adults and under 12/under 10 youngsters's so it promises to be a full day of racing. These races could not happen without the generous help of sponsors and we hope you will all take some time during your day to thank them.

The event is run entirely by volunteers from marshals, sign on, judging teams and commissaries' everyone has given up their day (and usually many more hours) so this race can go ahead please show your thanks at every opportunity to these wonderful people who you all probably see week in week out at various events throughout the year.

To kick off this years manual here is a note from our sponsors-

360cycling was established in 2021 but its roots go back way further...

Following on from many years of racing and coaching athletes to be successful at the highest youth levels, the founding members of 360 came together with a common vision of trying to help local athletes reach their full potential. We wanted to achieve this through coaching and through passing on our experience and knowledge in cycling and racing. We quickly established a core group of coached athletes who were seeing some significant performance gains and word was starting to spread fast. At the same time we were helping young children to take their first steps into the world of cycling and establishing a pathway into competitive cycling.

Why the name?

Our vision is to provide the best coaching, clothing, advice, products and events to help fully maximize potential and performance. The name 360 signifies this all encompassing vision and ethos.

360cycling now have a well-established successful and growing coaching section with a strong youth and adult contingent who compete at various disciplines and

various levels. Disciplines include cyclo-cross, road racing, closed circuit racing, TT and even Ultra marathon running.

We love to pass on our extensive product knowledge and we only supply products that we believe in and would use ourselves. We sell a full range of cycling related products including nutrition, clothing and accessories which include brands such as Wahoo and Favero.

Our 360cycling clothing range is some of the best available on the market in both design and performance. Utilising the latest technologies, our garments are all tested to outperform at the highest levels, giving a competitive advantage without compromising style or comfort.

Our coaching is not limited to people who are interested in competitive cycling, we also coach runners and help individuals who are interested purely in weight loss / general fitness.

We host our own group rides for our athletes both virtual and real life and also support local events such as the 360cycling North West Youth Tour, 360cycling North West Junior tour and the 360cycling Oulton Park cycling Festival.

The venue

We are privileged to be able to hold the first British Cycling races here at Oulton Park for 20 years and the first ever national youth races here ever. Please respect the venue. We are fortunate enough to have use of the full International circuit 1 lap is an impressive 2.69 miles or 4.33 km.

No dogs onsite at all

No litter Anyone littering will be asked to leave site. This is non-negotiable and applies to riders and spectators. The site has bins everywhere so there really is no excuse.

Spectators

Please stay behind the safety barriers at all times if you are spectating. If you want a better view then we are always looking for marshals which will get you a “ringside seat”!

Camping

Camping is available onsite on Saturday night for tents (£15) and motorhomes (£20) there are showers and toilets available. If you haven't already booked your place please email carolinehereward31@googlemail.com. Access to the circuit is available until dusk on the Saturday night but please respect each other and the venue - **no racing**. Please remember your conduct can have a direct impact on future events at this venue. Camping can be accessed from 6pm If you wish to book a slot and receive more information please email.

The 360cycling website has all the course information but here is a map of the venue
